Version 3.8.17 beta

NICE TO MEET YOU

# Let's skip the smalltalk

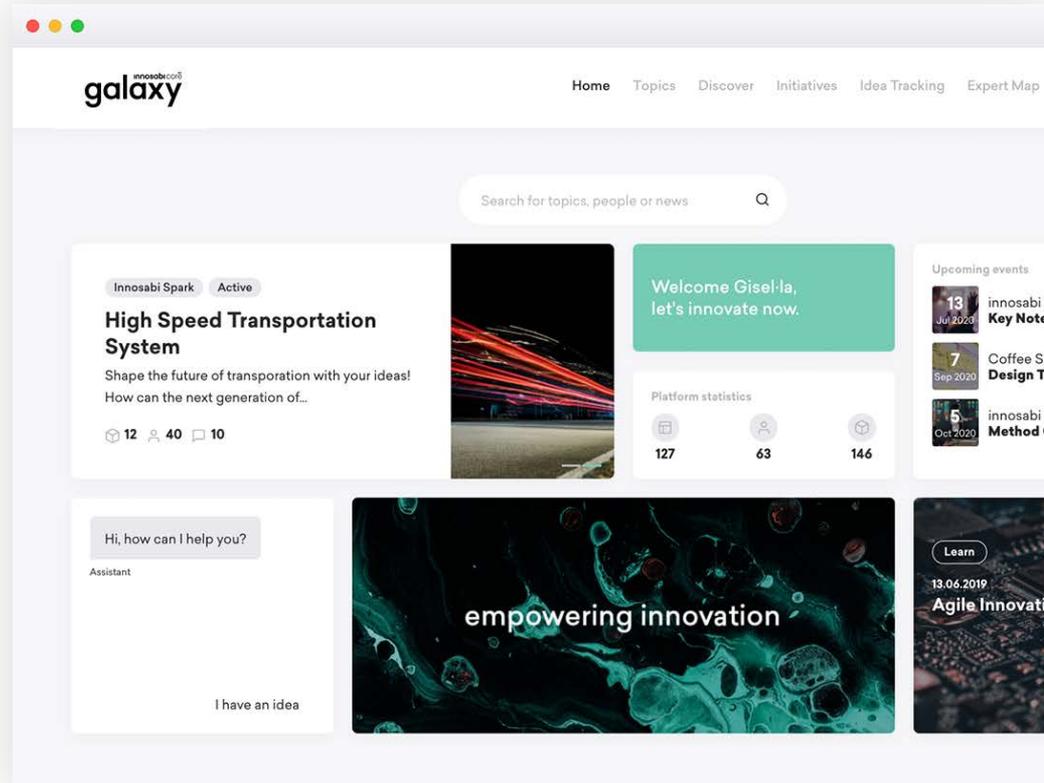

**innosabi empowers what's next.**

We connect people, ideas, and data to drive innovation.

We enable the transformation of innovation culture and processes.

We empower collaboration across company boundaries – internally and externally.

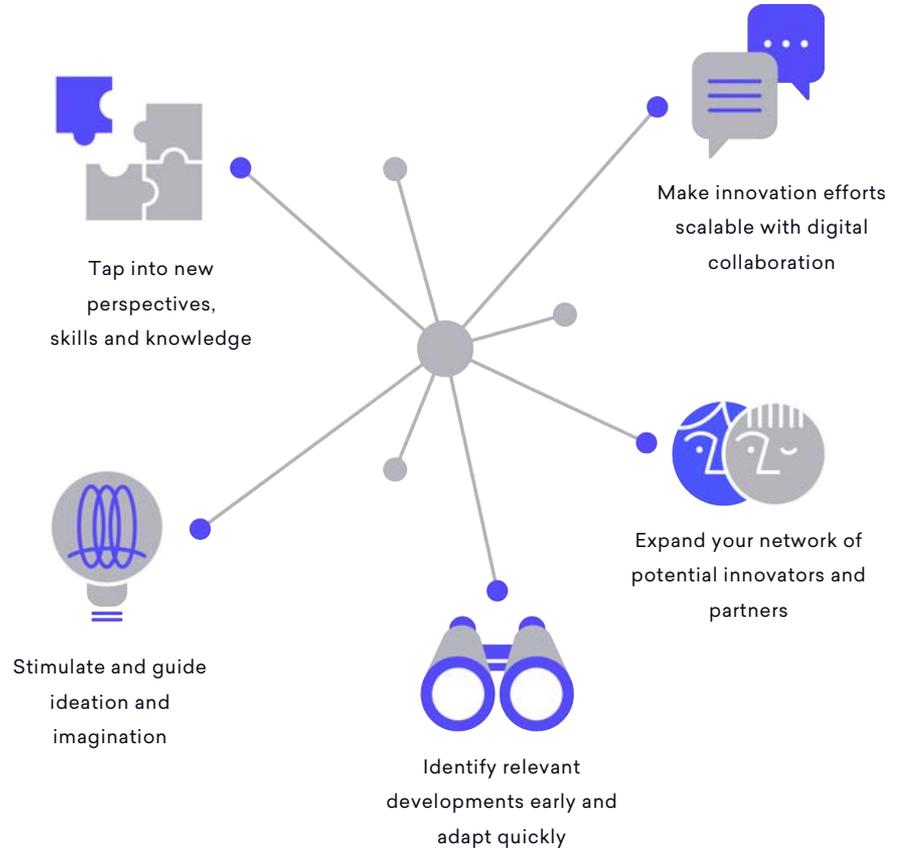

**innosabi is the digital foundation for your innovation ecosystem.**

## THE LOGIC OF OUR APPROACH

# Innovate & disrupt

- | To keep up with your competition, innovation and speed are more important than ever.
- | You have to make the right decisions quicker and spot the relevant information earlier.
- | By connecting your whole ecosystem and engaging it in your innovation efforts, we can make this happen.

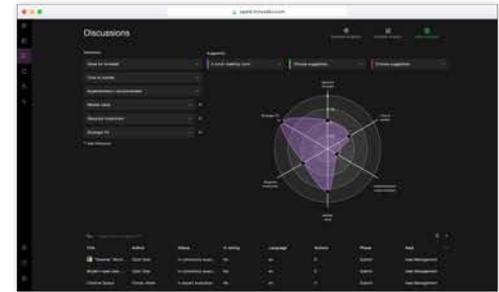

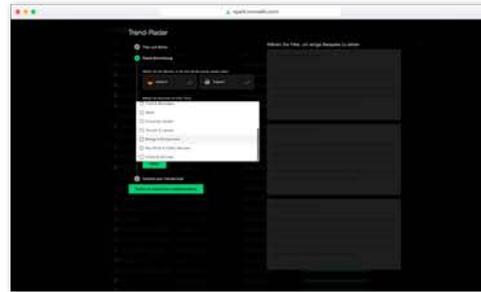

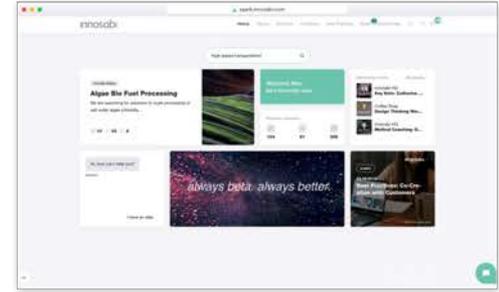

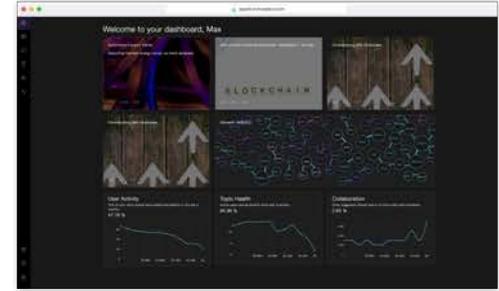

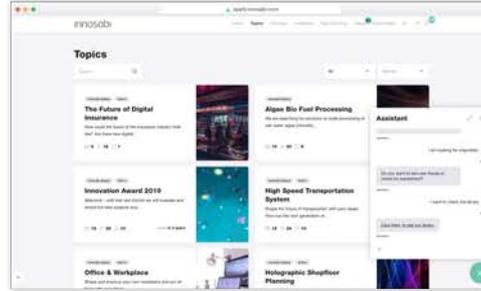

## INNOSABI CORE 10.1 GALAXY

# The software...

... is the digital infrastructure for agile innovation throughout your entire ecosystem.

... unites all use cases and target groups with one technology.

... makes all relevant information and data accessible at one central point of entry.
